Recent Survey	May 2017
Latest Hull blacking	June 2021
Anodes	May 2017

Boat Layout Description

Butterfly is a sweet little 45' traditional stern that has got all the space and bits and pieces needed for a leisure or continuous cruising.

Inside Butterfly is spacious with loads of light thanks to the large windows in the saloon and galley. The saloon has a solid fuel stove and 2-3 seater sofa. The sofa has storage underneath and a 12v TV is mounted on the wall.

The galley has good cupboard space for the pots and pans. The sink is stainless steel with a set of taps and a separate water filter tap to allow you to drink from the tank. The galley also holds a fairly new Thetford Duplex LPG oven built underneath and a 4 burner hob on the top as well as a LEC 12v fridge.

The shower room is a good bright space with a shower most people can fit under, the toilet is a drop through pump out and the sink is stainless steel. Hot water is provided by a calorifier fed from the engine as well as the Webasto diesel heater.

The bedroom has the standard 4ft double mattress with large amount of storage underneath. The bedroom is carpeted giving a more cosy warm feel.

The engine room holds a 1.8 BMC engine which was fitted in 2015. Recently a new starter battery has been fitted along with a new alternator.

Engine Specification

Engine Make	BMC 1.8
