## Boat Description

Bojangles is a 67' 6 Berth Reverse Layout cruiser stern narrowboat built by Victory Boats in 2008. This vessel has a vast amount of space in each of the rooms and includes all of the functionality to allow you a comfortable cruising holiday or as a full-time continuous cruiser.

Externally Bojangles has been nicely repainted in 2022 giving the boat a nice fresh look and feel. The pram and cratch covers are in good order and give you that extra space outside when the weather is typically British.

Internally Bojangles has been finished in wood panelling with solid wood trims. Brass fittings have been used throughout the boat. The flooring in the galley, saloon and bedroom is a dark wood effect laminate flooring. The shower room has a light coloured vinyl.

Starting at the stern of the boat you immediately step down into the galley and notice how vast the space is within this boat. The galley is a big size and accommodates everything you. Here you will find the washing machine, Fridge with freezer compartment, built under Vanette stainless steel cooker, 3 burner hob and microwave. The galley also has a stainless steel sink with drainer and mixer tap. You will also notice the filter tap next to the sink. The galley also houses all the electrical equipment. Under the counter is the charger and inverter with the portside cupboard housing the switch panels, charge controllers, galvanic isolator etc.

---

Forward of the galley are port and starboard side hatches each with the added security of roller doors. Here there is also the 4-seater dinette which can easily be converted into a further 2 berths. Under the seats there is plenty of storage.

Next, we come to the saloon area. This is again large. On the port side is a Morso Squirrel stove with stove fan. Looking up you will 2 rails have been installed to aid in the drying of clothes. The saloon also has a 3-seater sofa which can covert into another 2 berths. A large TV is mounted on the port side wall some additional storage shelves.

Further forward you move into the shower room. There is enough room to have a party in this space. A full-sized quadrant shower has been installed with a small area for storage behind and ease of access to the pumps. There is also a ceramic pump out toilet with various flush options and sink vanity unit on the starboard side.

The bedroom has got a good sized double bed which sits nicely inbetween 2 full height wardrobes. Under the bed is the toilet tank as well as further storage if required.

Moving up the step to the bow deck you will notice again plenty of social space. Here there is also a locker which holds the bowthruster.

## Engine Specification

Engine Make	Vetus 42Hp
Engine Hours	Circa 2200
