## Boat Description

Quinquireme Q2 is a well thought out 60' Semi Trad that is reverse layout, or traditional layout which ever you choose thanks to its convertible forward bedroom space.

Externally Quinquireme has been finished in black gloss paint on the sides with a cream diamond pattern on the roof. The paint is in good order.

Engine - The power is provided by a 55hp Isuzu diesel which has been transversely mounted to ease servicing. The propulsion and bow thrusters are driven from this engine via a hydraulic system. Having independent hydraulic pumps, full power is always available for both Prop & Bow thruster giving great control and ease of manoeuvre. This would allow the boat to moved nearly sideways.

Internally the boat has been fitted oak veneer paneling and finished with solid oaks trims. All fitted furniture has been made using the same materials. The flooring has been fitted with solid oak boards.

The reverse layout is versatile, with the forward bedroom easily convertible to a saloon enabling good use of the extra long well deck area for when require social space for your guests. The choice of equipment, including a small freezer to the fridge, Victron inverter with 660Ah charged by both alternators, wine cellar, two means of heating, offset or full width bathroom and twin position roof rope rings show this boat has been well thought through.
