MARINA

Damselly

45' Semi Trad
Reverse Layout

New Mills Marine

£44,950ono

Damselly is a lovely traditional stern narrowboat built in 2004 by New Mills Marine. The current owners have taken great care of her and kept the traditional style interior shipshape. The cabin space has a comfortable feel where she can accommodate four people cruising for overnight stays.

Boat Description

Damselly's interior is fitted with wood panelling throughout, giving her a classic and elegant look. The bedroom at the bow is a cosy space, and the bathroom is conveniently located in the middle of the living areas. Moving towards the stern, the galley and saloon are roomy and fitted to give flexible layout options. The storage locker in the stern is also a great addition and will keep your gas bottles safe and secure. Damselly has a good balance of style, practicality and design.

As you step onto the stern of the boat, you'll find yourself on the semi-traditional deck, with a clean and tidy engine compartment below.

This is a nicely laid out narrowboat and as you descend the steps through the stern deck doors, you enter the saloon are with adjoining galley. The saloon is complimented with a radiator and ample space for lounging on the two single sofa beds. The well-proportioned galley is well equipped, including the standard appliances you need, including a four burner hob, oven/grill, 12volt fridge, a spacious worktop, and sink/drainer.

Moving further fore, you enter the bathroom from the left and exit on the right to the well-proportioned main bedroom. The bathroom is thoughtfully designed and boasts a quadrant shower enclosure, a sink with a Vanity unit, a toilet and radiator.

The double bedroom is fitted out in a traditional style with wooden walls. This area is airy and light with the two portholes to the side walls and the door open to the bow. There is a large built-in wardrobe and a wall radiator to chase away any winter chills.
