Boat Description

Jasper is a lovely 62' reverse layout narrowboat which was built in 2005 by Cheshire Narrowboats. The interior has been sympathetically fitted out to provide a bright space with a luxurious feel and a comforting feeling of elegance. Throughout the boat the walls are fitted with wood white painted paneling, giving her a modern elegant look. The gray laminate flooring has been carried throughout the boat from bow to stern.

Towards the inside of the boat, from the bow you are enter the bedroom section with a double bed and several large windows. The bedroom provides a good amount of storage and a cosy space to relax after a day's cruising the cut. Moving towards the stern you enter the bathroom.

The bathroom space is substantial and combines two porcelain wash basins with mixing taps, and the other amenities you would expect which include a shower, heated towel rail, toilet and storage cupboards. Moving towards the stern you come to the saloon and galley.

The well-proportioned saloon and galley area is spacious with the saloon containing a sofa bed, an encased multifuel stove for those cold days and two breakfast bar style tables to seat four people in style. The galley includes the standard kitchen appliances you need, including a five-burner hob, oven/grill, fridge, a spacious worktop, and twin sink and drainer. Finally as we move through the galley aft we enter the engine room and the traditional stern.

In conclusion, Jasper is a lovely boat offering an abundance of space and comfort for 2 to 4 people.
