Anodes	2013

Boat Description

Nestled inside a well-insulated steel hull, No. 2 delivers maximum comfort in minimal feet. As you step aboard, the stern entry leads you into a neat dinette that doubles as sleeping space or storage hub — perfectly suited to weekend use. A multi-functional wet-room sits just ahead, allowing everyone to freshen up without sacrificing space.

Moving into the galley, you'll encounter stylish cabinetry and solid-wood surfaces, delivering everything needed for basic onboard meal prep. The compact kitchen is placed efficiently, opposite the seating area, allowing parents or friends to chat during cooking.

At the bow, the saloon invites relaxation. Even in its compact size, it transforms into a restful double berth when desired. A wall-mounted TV enhances the living space, while big windows help fill the interior with light.

Every corner of the interior is crafted with care — fitting Aintree's ethos of delivering high-spec results in a compact, no-frills package. Features such as LED lighting, diesel heating, a solid fuel stove (if fitted), and good insulation make cruising approachable year-round
