Latest Hull blacking	2024
Anodes	2024

Boat Description

Owned by Kennet & Avon East End legend Bill Turner since the late 1990s, *Twister* has been lovingly maintained throughout his stewardship until his recent passing. The boat features a classic fit-out typical of the era, with the internal layout remaining in good condition. Recently taken out of the water for blacking and a full survey, the hull was found to be in near-new condition.

The Boat – Classic fitout still in great shape:

- **Hull :** 50ft steel narrowboat, built by GJ Reeves
- **Engine:** Beta marine 38hp – 3125 hours
- **Layout:**
 - **Forward Saloon:** Good sized space with a fitted L Shaped sofa ideal for lounging, eating or an extra 2 berths. The fitted corner cabinets give additional storage and thanks to the large windows this space feels light and airy
 - **Galley:** Centrally positioned, this compact galley makes impressive use of space, with generous cupboards and work surfaces to both port and starboard. Thoughtful overhead storage adds to the sense of abundance, while the side hatch floods the area with natural light and provides excellent

Twister – 50' Semi Trad

ventilation. The galley houses the classic vanette built under oven and the fitted 4 burner hob as well as the 12v shoreline fridge.

- **Bathroom:** A hip bath and shower mixer unit, typical of this era is becoming a rarity. Vanity unit with ceramic sink and a Thetford cassette toilet give you all that you need.
- **Aft Cabin:** The bedroom is comfortable and cosy and offers lots of space for clothes and essentials
- **Electrical:** 1800W inverter, and a set of 3 x domestic & starter batteries
- **Extras:** Webasto diesel heater, Calorifier with immersion
