Boat Description

Step aboard *Juniper*, a beautifully presented 57ft narrowbeam Dutch barge-style boat that effortlessly combines character with contemporary living. Her distinctive profile and thoughtfully designed layout offer the perfect balance of style and practicality.

Inside, you're welcomed by a bright, open-plan living space featuring a well-equipped galley kitchen with modern appliances, generous storage, and stylish fittings. The saloon is light-filled and inviting, enhanced by an L-shaped sofa and dinette-style seating area toward the bow—perfect for relaxing or entertaining. A large window light in the ceiling floods the space with natural light, while classic portholes provide privacy and ambiance.

The galley's sociable layout allows you to cook and chat effortlessly with guests, making it a functional yet welcoming heart of the boat. Toward the aft end of the cabin, a well-appointed bathroom includes a full-size shower, contemporary fittings, and an intuitive touchscreen shower control system for a touch of modern luxury.

Midships, the wheelhouse deck space houses the reliable 50hp Barrus engine and creates a versatile living area. With the canopy sides in place, it offers a sheltered haven to relax out of the elements. Open it up, and you've got the ideal cruising deck for enjoying the waterways.

To the stern, the spacious aft cabin features a comfortable double bed tucked away for peace and quiet. It also includes a second cassette toilet and handbasin—adding a practical touch and nighttime convenience without needing to cross the deck.

Juniper – 57ft Narrow Beam dutch barge

With clever use of space, stylish touches throughout, and a layout ideal for both adventure and everyday life, *Juniper* is perfectly suited for leisure cruising or as a comfortable floating home.
